Alex,

Derrick identified the issues that ACC wants to discuss tomorrow as follows: PFAS generally, as well as what we're seeing at the state level in terms of response to EPA's implementation of TSCA. It will be pretty high-level. Thanks Derrick.

Alex, let us know if you need anything otherwise we will figure that no materials are needed. Thanks.

M

Hi Derrick. This came up in the OPPT General. Just to reiterate Alex, et al. need to know which issues they want to discuss. I let them know you were finding this out and Alex asked when I had them to send them around. Or you can.
